Skills _____

- **Backend Development** | Ruby on Rails | Django | Node.js | Nest.js | SQL (PostgreSQL, SQLite3) | NoSQL (MongoDB) | RESTful APIs | Database modeling
- **Frontend Development** | HTML5 | CSS3 | JavaScript (ES6+) | React | UI/UX
- **Programming Languages** | C++ | C# | Python | TypeScript | Ruby | JavaScript
- **General:** | Problem-solving | Critical thinking | Communication | Teamwork | Time management | Adaptability | Testing and Debugging | Version Control System (Git) | English (native) | Linux

Experience _____

Freelancer	**Freelancing/Contract**		**07/2023 - Current**

- **SNebo**, Web developer, Game developer, 3D graphic designer

Data Analyst Intern	**TownCriers**	*Ikeja, Lagos, Nigeria*	**07/2023–01/2024**

- **Data Visualization and story telling:** Utilized data visualization techniques to communicate complex insights to stakeholders, driving business growth and informed decision-making.
- **Data Wrangling and Analysis:** Developed and implemented data processing pipelines to extract, transform, and load large datasets, ensuring data quality and integrity.
- **Technical Problem-Solving:** Applied analytical skills to troubleshoot data-related issues, improving data processing efficiency and reducing errors.
- Enriched system metrics by integrating the platforms with telemetry; facilitated in-depth logging by correlating APIs with vector contexts.
- Continuous Integration/Deployment Pipeline Integration, pull requests, code reviews, load/stress testing, unit/integration/e2e testing

Front-end Developer	**Tech-Up**	*Remote, Nigeria*	**12/2020–03/2021**

- **Front-end Architecture:** Designed and developed a responsive, scalable, and maintainable front-end architecture for a WordPress page, utilizing HTML, CSS, and JavaScript.
- **UI/UX Development:** Created a visually appealing and user-friendly interface, ensuring a seamless user experience across various devices and browsers.
- **Technical Implementation:** Implemented responsive design principles, CSS layouts, and JavaScript functionality to bring the design concept to life.

Education _____

Bachelor of Technology	**Olusegun Agagu University**	*Ondo state, Nigeria*	**01/2019–8/2024**

- Major in Industrial Mathematics and Models

National Diploma	**Ogun State institute of Tech.**	*Ogun state, Nigeria*	**04/2016–9/2018**

- Diploma in Computer Engineering

Projects _____

- **Rails Blog Site:** Developed a full-featured blogging platform with user authentication, post creation, commenting system, and deployment to cloud platforms || HTML, CSS, JavaScript, Ruby on Rails, Render, CockroachDB || Link to Blog Site.
- **Micro Twitter:** Created a simplified version of Twitter with core functionalities such as posting, commenting, and user registration using Ruby on Rails. || Ruby on Rails, HTML, CSS, JavaScript || link: Micro_twitter
- **Chess:** Designed a Chess game that allows users to play against each other or an AI opponent with scalable difficulty || Python & pygame, Ruby || Python version link | Ruby terminal version link
- **Monopoly**: Developed a mobile version of Monopoly, incorporating unique game mechanics and touch controls for a seamless user experience. || Unity3D, C# || Monopoly game
- **Admin Dashboard**: Implemented a responsive admin dashboard using CSS Grid for layout management and visual appeal. || HTML, CSS || link: Admin Dashboard
- **Etch-A-Sketch:** Developed a web-based version of the classic Etch-A-Sketch toy using HTML, CSS, and JavaScript. Demonstrates proficiency in DOM manipulation and event handling. || HTML, CSS, JavaScript || live demo

Mentorship _____

- **Inventors Backend Dev Lead:** Career advice | Tutoring Web development | Organizing events and Info sessions **(01/2023–04/2024)**
- **Algorithmics Game Dev Tutor:** Introducing kids to Computing, Programming, and game development **(04/2023–05/2023)**
